

COUNCIL COMMUNICATION

From: The City Manager

Subject: Cummins Bridgeway Maintenance Agreement

Manager's Recommendation:

I recommend that the Agreement with Cummins Bridgeway LLC ("Cummins") be approved in the amount of \$954.00 to provide planned equipment maintenance for the Diesel generator at the Birch Run Pumping Station. The Agreement has been approved by me as to substance and by the City Attorney as to form.

This vendor meets all requirements of the Contract Compliance Provisions, Title 1, Chapter 14, §14.35-14.44, of the Saginaw Code of Ordinances.

Funds for this Agreement are budgeted in the Water Treatment Operations Account No. 591-4730-861.80-63.

Justification:

On March 11, 2009, the City received an Agreement from Cummins to provide planned equipment maintenance for the Diesel generator at the Birch Run Pumping Station. The station has one generator that provides emergency power to the station in the event a power outage occurs. Proper operation is critical for the station, which boosts and supplies water to Birch Run Village and Birch Run Township. The City purchased the generator in 2007, as part of upgrades to the station, and the warranty lasts until 2010. The Agreement covers all the periodic maintenance required for the generator during the warranty period.

Council Action:

Council _____ moved that the recommendation of the City Manager be approved.
