Subject: Braun Kendrick Finkbeiner Professional Legal Services Agreement

Prepared by: Debbie Buck, Executive Assistant to the City Manager

Manager's Recommendation:

I recommend approval of the Professional Legal Services Agreement between the City of Saginaw and Braun Kendrick Finkbeiner, P.L.C. The Agreement has been approved by the City Manager as to substance and the City Attorney as to form.

Justification:

The City has been utilizing the professional legal services of the law firm of Braun Kendrick Finkbeiner, P.L.C. for many years; however, the last formal contract expired in 2008. Since that time the law firm has continued to represent the City under the same terms and conditions of that contract.

It is believed to be in the best interest of the parties that the parties enter into a formal contract until such time the lawsuits and other pending matter being handled by the law firm have been resolved. Pursuant to the terms of the Agreement, the City will pay an hourly rate of One Hundred and 00/100 (\$100.00) Dollars for partners, Eighty Dollars (\$80.00) for Associates and \$40.00 for Legal Assistants.

The hourly rate includes normal postage and local telephone call expenses. However, it does not include actual long distance charges, copy expenses or usage charges associated with computerized legal research. The contract shall terminate upon resolution of the pending lawsuits or upon earlier termination by either party giving the other sixty (60) days notice.

Council _____ moved that the recommendation of the City Manager be approved, seconded by Council _____.

From: Darnell Earley, City Manager
Subject: Fair Housing- Education/Outreach, Testing/Referral Services
Prepared by: Bill Ernat, Development Department

Manager's Recommendation:

I recommend that the contract prices from Legal Services of Eastern Michigan (LSEM), Flint, MI, be accepted for Fair Housing activities and that a purchase order be issued in the amount of \$18,240.

This vendor meets all requirements of §14.23, "Vendors", of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing, of "Title 1, "General Provisions" of the Saginaw Code of Ordinances O-1.

Funds are budgeted in the Community Development Block Grant Fund – Administration's Division Professional Services Account No. 275-6510-761-8001.

Justification:

The Community Development Block Grant (CDBG) Program requires the City to administer all CDBG programs and activities to meet the Fair Housing requirements to further fair housing. Under 24 CFR 100 and the Civil Rights Act of 1968, the City of Saginaw is required to take steps to identify and address housing discrimination throughout the community. These contracts will satisfy the requirements of the Act.

The Department of Development solicited proposals for education/outreach services and testing/referral services to address all fair housing requirements of the CDBG program. Only one (1) vendor, Legal Services of Eastern Michigan, submitted proposals for these activities.

In 2011, the City of Saginaw completed the RFP process for fair housing activities with Legal Services of Eastern Michigan being awarded the two (2) contracts for a twelve (12) month period. It should be noted that this proposal has a savings of over \$4,000 from last year's proposal, which had a cost of \$22,702. While there is a cost savings to the City, there is not a reduction in services as LSEM is leveraging other funds to cover the costs of their services. City staff is satisfied with the performance of LSEM staff for the services currently being provided by LSEM.

To avoid seeking a new vendor next year, two (2) option years have been included in this proposal, which would allow the City to renew the annual contract at minimal increases to the City. At the end of each fiscal year, staff will review LSEM's performance to determine if the contract should be renewed.

Following is a breakdown of the proposals:

Education and Outreach Services

Legal Services of Eastern Michigan	FY 2012	\$ 8,160.00
Flint, MI	FY 2013	\$ 8,240.00
	FY 2014	\$ 8,325.00

Testing and Referral Services

Legal Services of Eastern Michigan	FY 2012	\$10,080.00
Flint, MI	FY 2013	\$10,180.00
	FY 2014	\$10,300.00

Prepared by: Phillip Karwat – Director of Public Services

Manager’s Recommendation:

I recommend that the low bid from State Barricades, Warren, MI, be accepted and a purchase order be issued in the amount of \$2,792 for traffic barrels for FY 2012.

This vendor meets all requirements of §14.23, “Vendors”, of “Purchasing, Contracting, and Selling Procedure,” of Chapter 14, “Finance and Purchasing” of Title 1, “General Provisions” of the Saginaw Code of Ordinances O-1.

Funds for this purchase are budgeted in the Local Streets Fund - Traffic Engineering Division’s Parts and Supplies Account No. 203-4621-791.73-30.

Justification:

On March 20, 2012, bids were received for seventy (70) traffic barrels and bases to be used for detours and traffic control within the City of Saginaw. These traffic barrels will be used to replace existing barrels that are worn, damaged, or no longer meet retroreflectivity requirements. The following is a tabulation of the bids received:

Subject: Replacement Combination Jet Rodder Truck
Prepared by: Phillip Karwat, Director of Public Services

Manager's Recommendation:

I recommend that the national bid price from Jack Doheny Supplies of Northville, MI, be accepted and a purchase order be issued to them in the amount of \$388,626.

This vendor meets all requirements of §14.23, "Vendors", of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing" of Title 1, "General Provisions" of the Saginaw Code of Ordinances O-1.

Funds for this purchase are budgeted in Sewer Operation and Maintenance Fund – Maintenance and Service Division's Surplus Vehicle Account Number 590-4840-881.97-70.

Justification:

National Intergovernmental Purchasing Alliance (NIPA) complies with the City of Saginaw Purchasing Ordinance. Prices are received on a National Basis for municipalities as those items are bid and the City of Saginaw can purchase from this list of equipment while saving 5% off the total purchase cost. By participating in this purchasing alliance, the City is saving \$20,464 on this purchase.

The various other Michigan municipalities that have purchased Combination Jet Rodders Vacuum Trucks include Ann Arbor, Rochester Hills, Troy and Holland.

The existing Combination Vactor that is being replaced is on a 1997 Ford Chassis with the Jet Rodder and Vacuum built into the truck. This is one (1) of two (2) Front Line Sewer Jets that are responsible for cleaning and maintaining 300 miles of 8" through 144" Collection and Trunk Sewers and 15,000 catch basins. These units are used as vacuum excavators when the situation dictates a dig around of sensitive utilities (fiber cable, high pressure gas mains, and expedite emergency digs). The current truck has 33,000 miles and an additional run time of 4,898 hours on the drive engines power take off-drive. This is equivalent to almost 300,000 miles when converted to over-the-road mileage. In the past 15 years, the Jet Pump and Vacuum Fan have been replaced three (3) times, the auxiliary engine has been re-built twice, and numerous original equipment parts have been replaced.

These trucks are operated year round regardless of the weather and they are specifically designed to operate in freezing weather. The fleet of Combination Machines removes approximately 1,200 cubic yards of debris annually from the combined and separate sewers systems when both units are running before it flows to the Waste Water Treatment Plant. The oldest Vactor Truck has been down for repairs on an ever-increasing scale. These trucks must comply with P.A. 451 that governs operation of Publicly Owned Waste Treatment works and the maintenance thereof. Following is the vendor and cost of the Combination Jet Rodder Vacuum Truck:

Jack Doheney Supplies		\$409,080.00
Northville, MI	Less 5% Discount	<u>-\$20,464.00</u>
		\$388,626.00

From: Darnell Earley, City Manager
Subject: Replacement Vehicles Maintenance and Service
Prepared by: Phillip Karwat, Director of Public Services

Manager's Recommendation:

I recommend that the City of Saginaw participate in the Mi-Deal purchasing program. This program will facilitate the purchases of two (2) Foremen ½ ton pickup trucks, one Meter Serviceman pickup truck, and one replacement minivan for transportation of employees to training, meetings, conferences, and as a reserve vehicle for out-of-service vehicles within the Maintenance and Service Division. I recommend a purchase order be issued to Gorno Ford of Woodhaven, MI, in the amount of \$72,574.

This vendor meets all requirements of §14.23, "Vendors", of Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing, of Title 1, "General Provisions" of the Saginaw Code of Ordinances O-1.

Funds for this purchase are budgeted in the Sewer Operations Fund - Maintenance and Service Division's Surplus Vehicles Account No. 590-4840-881.97-70 (\$36,287), and Water Operations Fund - Maintenance and Service Division's Surplus Vehicles Account No. 591-4740-881.97-70 (\$36,287).

Justification:

Gorno Ford of Woodhaven, MI, is the current State of Michigan bid holder for these types of vehicles.

The Water and Sewer Meter Shop reads approximately 20,000 meters monthly, and the trucks being used, travel approximately 290,000 miles combined. In 2007, the vehicles were scheduled for replacement. These 1997 vintage trucks made approximately seventy (70) stops per day when originally used by the meter service personnel. This constant action produced the excessive maintenance costs and down time, worn out floorboards, rotted rocker panels, extensive corrosion and added to the reduction in reliability of fuel efficiency and operator safety.

The procedure has always been to replace the Foremen trucks and cycle them down to the meter serviceworker, meter readers, etc. Currently, there are two (2) Foremen and the added meter shop serviceworkers installing the automated meter reading equipment will use the additional meter shop trucks. The oldest trucks will go to the meter readers and will be phased out as the Automated Meter Reader project progresses.

Since 2005, the 1995 Lumina (out-of-town) vehicle has been on the replacement list and has approximately 145,000 miles. This vehicle has experienced numerous mechanical and electrical repairs making it an unreliable vehicle to conduct departmental operations while transporting employees to and from training and conferences or in the course of day-to-day operations. This department vehicle is used by the various Divisions for training and conferences and billed to the respective accounts as utilized.

Following is a breakdown as to cost of the vehicles being purchased.

Three Ford F-150 Pickups @ \$17,021.00 each	\$51,063.00
One Ford Minivan	<u>\$21,511.00</u>
Total	\$72,574.00

Subject: Water Main Repair Sleeves
Prepared by: Phillip Karwat, Director of Public Services

Manager’s Recommendation:

I recommend the low bid from Etna Supply Company, Grand Rapids, MI, be accepted and a purchase order be approved and issued to them in the amount of \$2,599.36 for FY 2012.

This vendor meets all requirements of §14.23, “Vendors”, of “Purchasing, Contracting, and Selling Procedure,” of Chapter 14, “Finance and Purchasing” of Title 1, “General Provisions” of the Saginaw Code of Ordinances O-1.

Funds for this purchase are budgeted in the Water Operations and Maintenance Fund - Maintenance and Service Division’s Parts and Supplies Account No. 591-4721-861.73-30, and will be accounted for in Water Operations and Maintenance Fund/Water Shop Inventory Account No. 591-0000-171-11-30.

Justification:

On April 3, 2012, bids were received for two 24” solid sleeves to be used in the construction and repair of the City’s water distribution and transmission system. A cost comparison shows a 10% increase over the previous purchase. The following is a tabulation of the bids received:

Subject: Tetra Tech, Inc. Agreement for Engineering Services
Prepared by: Jeanette Best, WWTP Superintendent

Manager's Recommendation:

I recommend that the Agreement with Tetra Tech, Inc. of Ann Arbor, MI, be approved and a purchase order issued to Tetra Tech in an amount not to exceed \$236,700. The Agreement is approved as to substance by the City Manager and subject to approval by the City Attorney as to form.

This vendor meets all requirements of §14.23, "Vendors," of "Purchasing, Contracting, and Selling Procedures," of Chapter 14, "Finance and Purchasing," of Title 1, "General Provisions" of the Saginaw Code of Ordinances O-1.

Funds are budgeted in the Sewer Operation and Maintenance Fund, Treatment and Pumping Division's Sewer Surplus Account No. 590-4840-881.80-02.

Justification:

On March 9, 2012, the City of Saginaw received a proposal for General Engineering, Resident Engineering, and State Revolving Fund (SRF) Administration services for the modifications to the influent pump station. Tetra Tech completed plans and specifications for modifications to the Wastewater Treatment Plant Influent Pump Station under SRF loan number 5448-01 and submitted them to the Michigan Department of Environmental Quality (MDEQ) for review and comments on March 2, 2012. Final plans and specifications will be due back to the MDEQ by April 27, 2012 in accordance with the City's SRF low interest loan milestone schedule.

The scope of services provided by Tetra Tech under this agreement includes the following:

- I - Bidding Assistance
- II - Construction Engineering
- III - Resident Engineering
- IV - Construction Record Drawings
- V - SRF Loan Administration

Tetra Tech's compensation for personnel directly engaged in the work on this project will be based on actual time and materials expended but not to exceed a total amount of \$236,700 for the project.

From: Darnell Earley, City Manager
Subject: Application for Local Bridge Program Funds for FY15 – ROW Division
Prepared by: Phillip J. Karwat – Director of Public Services

Manager’s Recommendation:

I recommend that the City of Saginaw actively seek Local Bridge Program Funds for the scour corrective action and preventative maintenance as needed for the Johnson Street, Genesee Avenue, Holland Avenue and Center Street Bridges over the Saginaw River. The application amount for each bridge will vary and will be based on the needs of each individual bridge. If approved, funds for the City’s share will be made available in FY 2015/2016 Major Streets Fund – Bridge Projects Division’s Construction Projects Account No. 202-4616-781.80-47. The City of Saginaw will be responsible for design and construction engineering costs.

The Michigan Department of Transportation (MDOT) requires, as part of the application process, that a resolution be adopted by City Council indicating that the application has been reviewed and that the City is actively seeking these funds for the projects as stated above.

Justification:

Per the MDOT Local Bridge Program Guidelines, the total number of applications from any local agency is limited to five (5). The preventative maintenance, structure rehabilitation and replacement, and approach costs may be eligible for a maximum of 95 percent participation from federal and/or state funds. The right-of-way, design engineering and construction engineering costs are not eligible for Local Bridge Program funds. Per the City of Saginaw’s most recent bi-annual bridge inspection reports, it is apparent that all of the City of Saginaw’s six (6) vehicular bridges are in need of preventative maintenance and some need scour corrective action.

The Local Bridge Program was enacted in 2004 and is the federal legislation that provides funds for local agency bridges. The MDOT has called for project applications from eligible communities who wish to participate in this program. The applications have to meet certain criteria and because of fund limitations, the applications are evaluated by MDOT and ranked against the criteria. As projects of this magnitude require substantial lead time to start of work, it is recommended that staff be directed to submit an application for funding no later than May 1, 2012 in order to qualify for consideration in the State’s fiscal year 2015 funding program.

Council Action

This council communication is for explanation purposes only of the Resolution to be adopted.

Manager's Recommendation: Approval of the resolution as follows:

RESOLUTION TO ACTIVELY SEEK LOCAL BRIDGE PROGRAM FUND

Council _____ offered and moved adoption of the following resolution.

WHEREAS, The Local Bridge Program Fund provides funding for repair, preventative maintenance and rehabilitation of local bridges; and

WHEREAS, a need for scour corrective action and preventative maintenance as needed for the Johnson Street, Genesee Avenue, Holland Avenue and Center Street Bridges over the Saginaw River has been determined and has been indicated in recent engineering and bridge inspection reports by it's bridge consultant, Spicer Group; and

WHEREAS, the cost of such rehabilitation has yet to be determined, and will be once engineering estimates are prepared; and

WHEREAS, the deadline for submission of new funding applications for the State of Michigan and Federal Local Bridge Program for fiscal year 2015 is May 1, 2012; and

WHEREAS, the application will be prepared and reviewed for the purpose of procuring State and Federal Local Bridge Program Funds for such rehabilitation; and

NOW, THEREFORE, BE IT RESOLVED, that the City of Saginaw is actively seeking Local Bridge Program Funds for scour corrective action and preventative maintenance as needed for the Johnson Street, Genesee Avenue, Holland Avenue and Center Street Bridges over the Saginaw River, and is willing to participate in its implementation.
