Instructions for Form S-1041 - Fiduciary Return

GENERAL

Every trust and estate, which had gross income from sources listed under "Taxable Income", must make and file a form S-1041, City of Saginaw Income Tax Fiduciary Return, whether a tax is due or not. For the purposes of this tax, an estate or trust shall be treated as a non-resident individual and a tax rate of three-fourths of one percent shall apply on the earnings listed under "Taxable Income".

"Income from estates" means "Income" as defined in Sec. 643(b) of the Federal Internal Revenue Code, properly paid, credited or distributed but not in excess of the resident individual's share of the distributable net income of the estate, decreased by the amount of depreciation or depletion allowed the resident individual as a deduction under Sec. 642 of the Federal Internal Revenue Code. The exceptions hereinafter set forth with respect to trusts are also applicable to income from estates. "Income from trust" means the amount of "Income" as defined in Section 643(b) of the Federal Internal Revenue Code, distributed or required to be distributed under Sec. 652(a) or 662(a) (1) of the Federal Internal Revenue Code, decreased by the amount of depreciation or depletion allowed the resident individual as a deduction by Sec. 642 of the Federal Internal Revenue Code.

TAXABLE INCOME

The only types of income taxable to an estate or trust are the following:

- (1) That portion of the net profits from the operation of a business or enterprise operated by the estate or trust that is attributable to business activity conducted in Saginaw whether or not such business or enterprise is located in Saginaw. For example, a business located out of Saginaw that conducts business in Saginaw would be taxed on the portion of its net profits properly allocable to such Saginaw business activities.
 - (2) Net profits from rentals from real and tangible personal property located in Saginaw.
 - (3) Net profits on the sale or exchange of real and tangible personal property located in Saginaw.
 - (4) Income from partnerships.
- Other income, such as dividends and interest, are not taxable to trusts and estates. However resident beneficiaries must report their distributive shares on Form S-1040.

INSTRUCTIONS FOR FILING ON PAGE 1 OF FORM S-1041

- Line 1** - The total net profit (or loss) is to be computed from Page 1 of the Federal Income Tax Form 1041 by using those lines applicable to any business operation.
- Lines 4 and 5** - Before completing these lines, fill out Schedule A - Business Allocation Formula.
- Line 10** - Saginaw resident beneficiaries will report their portion of distributable net income on their individual returns and should receive this information from the Fiduciary. Therefore, this line, which is the resident's share of the Saginaw income, should be subtracted from Line 9 to arrive at the amount of Saginaw income taxable to the trust or estate.

INSTRUCTIONS FOR BUSINESS ALLOCATION FORMULA - SCHEDULE A

The Business Allocation Percentage Formula is to be used by estates or trusts with business activity both inside and outside the City of Saginaw, who because they do not maintain sufficient records to accurately reflect the net profits from operations conducted with the City of Saginaw, or for other reasons, are not using the separate accounting method.

The average net book value of real and tangible personal property including inventories may be determined by adding the net book values at January 1, of the current year and the net book values at the end of the year and dividing the sum thus obtained by 2. Any other method which will accurately reflect the average net book value for the current year will also be permitted.

Line 1a - Enter in column I the gross rentals for the current year multiplied by 8 for all rented property regardless of location. In Column II show the gross rentals for the current year multiplied by 8 for all rented property located inside the City of Saginaw. Gross rentals refer only to real property, rented or leased, and should include the actual sums of money or other consideration payable, directly or indirectly, by the taxpayer for the use or possession of such real property for the year.

Line 2 - Enter in Column I the total compensation paid to all employees during the year and in Column II show the amount of compensation paid to employees for work done or for services performed inside the City of Saginaw during the current year.
