INDEPENDENT AUDITORS' REPORT

December 15, 2006

Honorable Mayor and
Members of City Council
City of Saginaw
Saginaw, Michigan 48601

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the ***City of Saginaw, Michigan***, as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the ***City of Saginaw, Michigan's*** management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The financial statements of the Saginaw Economic Development Commission (SEDC) have not been included in the City's financial statements. Accounting principles generally accepted in the United States of America require the SEDC to be presented as a discretely presented component unit. The amount by which this departure would affect the assets, liabilities, revenues and expenses of the aggregate discretely presented component units is not reasonably determinable.

In our opinion, except for the effects of not including the SEDC in the aggregate discretely presented component units, as described in the preceding paragraph, the financial statements of the aggregate discretely presented component units present fairly, in all material respects, the financial position of the aggregate discretely presented component units for the *City of Saginaw, Michigan* as of June 30, 2006, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the *City of Saginaw, Michigan*, as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable thereof, and the respective budgetary comparison for the general fund and major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also separately issued our report dated December 15, 2006 on our consideration of the *City of Saginaw, Michigan's* internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis listed in the table of contents on pages 3 through 10 and the Pension Analysis of Funding Progress on page 56 are not required parts of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the *City of Saginaw, Michigan's* basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink that reads "Lehmann Johnson". The signature is written in a cursive, flowing style.

CITY OF SAGINAW, MICHIGAN
MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview of the Financial Statements

The City of Saginaw's annual report follows a prescribed format in accordance with the requirements of all Governmental Accounting Standards Board Statements, as well as all Generally Accepted Accounting Principles.

Within the financial section there are four major parts: (1) Management's discussion and analysis, (2) the basic financial statements, (3) required supplementary information, and (4) other supplemental information that presents combining statements for non-major governmental, enterprise, internal service, and fiduciary funds. The basic financial statements include two kinds of statements that present different views of the City. The first two statements are government-wide financial statements that provide both long-term and short-term information about the City's overall financial condition. The remaining statements are fund financial statements that focus on individual parts of the City's government, reporting its operations in more detail than the government-wide statements.

Government-wide Statements

The government-wide statements report information about the City as a whole, using accounting methods similar to those used by private section companies. The Statement of Net Assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide financial statements (Statement of Net Assets and Statement of Activities) of the City are divided into two categories:

- **Governmental activities:** Most of the City's basic services are included here, such as the police, fire, public works, and parks departments, and general administration. Property taxes, income taxes, intergovernmental revenue, charges for services, grants and contributions, and investment earnings provide most of the funding.
- **Business-type activities:** The City charges fees to customers to help it cover the cost of certain services it provides. The City's water and sewer system, and parking system, are treated as business-type activities, with an enterprise function.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

Some funds are required by State law and some by bond covenants. The City Council establishes other funds to control and manage money for particular purposes.

The City utilizes three kinds of funds:

- **Governmental funds:** Most of the City's basic services are included in governmental funds, which focus on how cash and other financial assets can readily be converted to cash flow in and out, and the balances left at year end that are available for spending. The governmental fund statements provide a detailed short-term view that helps the reader determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.
- **Proprietary funds:** Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like government-wide statements, provide both long-term and short-term financial information.
- **Fiduciary funds:** The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. These activities are excluded from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

Financial Overview

Net assets: The City of Saginaw has combined net assets of \$139,467,143. Business type activities comprise \$98,183,737 and governmental activities make up \$41,283,406 of the total net assets. The table below shows, in a condensed format, a comparison of the net assets as for the current date to the prior year.

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>	
	<u>2006</u>	<u>2005</u>	<u>2006</u>	<u>2005</u>	<u>2006</u>	<u>2005</u>

Capital assets	34,177,523	34,933,368	121,965,009	123,813,494	156,142,532	158,746,862
Total assets	<u>55,733,573</u>	<u>58,105,545</u>	<u>154,833,795</u>	<u>152,046,583</u>	<u>210,567,368</u>	<u>210,152,128</u>
Current liabilities	4,250,865	3,940,395	3,324,372	2,056,992	7,575,237	5,997,387
Long-term liabilities	10,199,302	11,671,228	53,325,686	56,823,825	63,524,988	68,495,053
Total liabilities	<u>14,450,167</u>	<u>15,611,623</u>	<u>56,650,058</u>	<u>58,880,817</u>	<u>71,100,225</u>	<u>74,492,440</u>
Net assets:						
Invested in capital assets, net of related debt	32,184,625	32,145,099	69,779,191	62,651,489	101,963,816	100,208,352
Restricted	3,141,661	3,519,523	7,550,734	8,991,506	10,692,395	12,511,029
Unrestricted	<u>5,957,120</u>	<u>6,829,300</u>	<u>20,853,812</u>	<u>21,522,771</u>	<u>26,810,932</u>	<u>22,940,307</u>
Total net assets	<u>\$ 41,283,406</u>	<u>\$ 42,493,922</u>	<u>\$ 98,183,737</u>	<u>\$ 93,165,766</u>	<u>\$ 139,467,143</u>	<u>\$ 135,659,688</u>

Net assets increased by \$4,277,274 during the year. The primary cause of the change is due to an increase related to the reporting of assets as prescribed by GASB 34.

Change in net assets: Information in the following table is extracted from the Statement of Activities, and shows the revenue and expense components of changes in net assets for the year ended June 30, 2006.

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>

Governmental Activities

General revenues for governmental activities totaled approximately \$31 million for the year ended June 30, 2006. A total of approximately \$6.4 million was in the form of property tax collections and related revenues that reflected a decrease in the tax rate for general operations from 5.5412 (\$5.5412 per \$1,000 of taxable value) to 5.4185 mills, and a 2.26% increase in the overall taxable value of property located within the City. Income tax generated approximately \$13.5 million from residents and non-residents who live or work in the City respectively. Intergovernmental revenues, in the form of state shared revenues, continue to be of concern. While they provided \$10.2 million, it is uncertain what will happen in the next several years, given the State of Michigan's financial difficulties.

Expenses for governmental activities totaled approximately \$47 million for the year ended June 30, 2006, which reflects an increase of approximately \$4 million. Expenses increased primarily due to increased activity in highways/streets, demolitions and economic development. The increase in highways/streets was caused by an increase in the amount of expenditures related to non-capitalized assets, such as infrastructure. The increase in demolitions and economic development was caused by increased activity in the Community Development fund.

Business-type Activities

Business-type activities operated by the City include the water and sewer system, and parking system. Program revenues from business-type activities were approximately \$31.0 million. Significant items include sewer service - \$17.8 million, water supply - \$12.6 million, parking - \$554 thousand.

Raw water from Lake Huron is provided via the Saginaw-Midland Municipal Water Supply Corporation, a joint venture between the City of Saginaw and the City of Midland. The SMMWSC pipeline supplies the City's water treatment plant as well as Midland's large industrial customers. The City owns and operates its own sanitary sewer collection and treatment system. In accordance with regulations promulgated by the Michigan Department of Environmental Quality, the sewer treatment system is operated by the City of Saginaw. The City also owns and operates several parking surface lots and a parking ramp.

Current Economic Events

As of the date of this analysis, several issues are worth noting in evaluating the financial condition of the City of Saginaw.

Property Tax Cap: In 1979, the citizens of Saginaw froze the maximum dollar levy to that of the previous year, which stands to date at \$3,828,788. Therefore the corporate millage rate must be adjusted annually with each change in taxable value to ensure adherence to the imposed dollar levy cap or 7.5 mills, whichever is lower.

Renaissance Zones: Development in Renaissance Zones has increased and allows for residents of the zone to be assessed immaterial property taxes, and no local or state income taxes. Businesses located in the Renaissance Zone are exempt from local and state corporate taxes. Recent medical activity in zones has resulted in job movement from inside and outside of the City into the zones. Property ownership and tax filing status may impact income taxes because some of the higher paying jobs may be exempt from income taxes.

Economic growth: The City continues to experience moderate economic growth. The Saginaw Housing Commission and Habitat for Humanity continue to provide scattered public housing and building blitz within the City of Saginaw.

Future State of Michigan Public Act 425 Agreements or corresponding service agreements are being negotiated with other communities as they increase business and residential development. These agreements will provide a direct revenue flow to the General Fund. The most promising 425 Agreement revenue stream is local income tax.

Local income tax: The City of Saginaw receives 40.8% of its General Fund revenue from local income tax. Economic conditions continue to have a negative impact on this revenue source. For the 2006-2007 budget, the revenue from income taxes is expected to remain steady.

State shared revenues: The City of Saginaw receives 30.5% of its General Fund revenue from state revenue sharing. The State of Michigan is experiencing significant budget problems, which it is attempting to partially remedy by cutting payments to shared sales tax revenues to local units of government. The City's 2006-2007 budget showed an overall increase of 1%, amounting to approximately \$77,170. It is our belief that any additional and continued cuts in state shared revenue will severely impact the City's ability to provide services.

Financial Analysis of City Funds and Budgets

The General Fund ended 2005-2006 with a fund balance of \$5.2 million, of which the following amounts were unreserved but designated:

- \$0.2 million for budget stabilization
- \$0.2 million for the self insurance fund deficit
- \$0.2 million for parking funds deficit
- \$0.2 million for workers compensation fund deficit

Of the remaining \$4,375,909 of fund balance, \$14,644 is reserved for encumbrances, \$43,000 is reserved long-term advances and \$724,111 is designated for use in the 2006-2007 fiscal year. The unreserved, undesignated fund balance is \$3,594,154 as of June 30, 2006. The budget stabilization reserve and the unreserved and undesignated amount (\$3,808,646) represented 11.55% of the June 30, 2006 General Fund expenditures and other financing uses. That same number represents 11.32% of the fiscal year 2006-2007 budget (prior to 2006-2007 budget amendments).

Several factors affected General Fund operating results:

- Local income tax was up by \$0.32 million due to increased collection efforts
- State shared revenue was down by \$0.35 million due to the State reductions
- Investment income was up by \$0.23 million due to higher yields

The General Fund budget is amended throughout the year, and resulted in \$205,806 in revenues over expenditures. Revenues were \$86,142 over budget while expenditures were \$93,375 over budget. All of the City's seven (7) collective bargaining units did not have ratified agreements in place as of the end of the fiscal year ending June 30, 2006.

The Local Streets fund continues to struggle with a minimal fund balance for the third time in over 15 years, approximately \$16,000.

The Rubbish Fund has a June 30, 2006 fund balance of \$549,950.

Paid Time Off (PTO) Liability Fund had a fund balance of \$0.3 million and \$0.7 million as of June 30, 2006 and June 30, 2005, respectively. The projected unfunded liability is \$5 and \$5 million as of June 30, 2006 and June 30, 2005, respectively. The PTO liability has changed to 5% funded from 20% funded.

The City's June 30, 2001 \$115 million in unfunded health care liability impacts all funds. Prior to the 2003-2004 fiscal year, General Fund was the single contributing fund to this liability. After receiving the June 30, 2001 actuary report, other funds are budgeted to contribute. A plan to fund 50% of the \$115 million liability is being developed and requires a \$500,000, annual contribution to the Public Employee Healthcare fund.

Capital Projects

During the year ended June 30, 2006, the City performed the following significant street projects.

Project Information	
Project Name	Description
2005-2006 CDBG Sidewalk Ramps	Construction of ADA Ramps at intersections to be compliant with the Americans with Disabilities Act in Block Grant Areas Only
2005-2006 CDBG Resurfacing	Used as match money to Reconstruct Sheridan Ave. (\$126,050) total project cost \$615,484.
C-1564 WWTP Headworks Project – Phase A	Upgrade to the Wastewater Treatment Plant, multi-year and multi-million dollar projects
E. Genesee Reconstruction	Reconstructed from Webber to Hartsuff and replaced Water and Sewer mains
ST0660	\$1,990,263 (\$572,503 paid by MDEC)
06H001	\$64,304
Traffic Signals	\$81,000 (city share \$16,200) for 4 intersections
Traffic Signals	Mackinaw and Weiss – split cost with Saginaw County

Long Term Debt

At the end of the current fiscal year, the City of Saginaw had total bonded debt outstanding of \$52.7 million in principal and \$6.8 million in interest. Of this amount, \$1.6 million in principal comprises debt backed by the full faith and credit of the government. The remainder of the City of Saginaw's debt represents bonds secured solely by specified revenue sources (e.g., revenue bonds).

City of Saginaw's Outstanding Debt General Obligation and Revenue Bonds

	Governmental		Business-type		Total	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
General obligation bonds	\$547,482	\$36,373	\$ 1,075,000	\$ 564,519	\$ 1,622,482	\$ 600,892

**CITY OF SAGINAW
RECONCILIATION OF FUND BALANCES ON THE
BALANCE SHEET FOR GOVERNMENTAL FUNDS TO
NET ASSETS OF GOVERNMENTAL ACTIVITIES ON
THE STATEMENT OF NET ASSETS
June 30, 2006**

Fund balances - total governmental funds	\$ 10,454,354
Amounts reported for <i>governmental activities</i> in the statement of net assets are different because:	
Long-term receivables are not available to pay for current period expenditures and, therefore, are deferred in the funds.	3,049,404
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	
Add - capital assets	49,236,147
Deduct - accumulated depreciation	(16,667,685)
Certain liabilities, such as bonds payable, are not due and payable in the current period and therefore are not reported in the funds.	
Deduct - installment contracts and loans payable	(1,941,962)
Deduct - accumulated compensated absences	(5,322,992)
Deduct - accrued interest payable	(29,346)
Elimination of Internal Service Fund activities	<u>2,505,486</u>
Net assets of governmental activities	<u><u>\$ 41,283,406</u></u>

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

CITY OF SAGINAW
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES AND CHANGE IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2006

Net change in fund balances - total governmental funds	\$ 236,420
Amounts reported for <i>governmental activities</i> in the statement of activities are different because:	
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(515,515)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Add - capital additions	678,321
Deduct - net value of capital assets sold	(4,299)
Deduct - depreciation expense	(1,351,955)
Bond proceeds provide current financial resources to governmental funds in the period issued, but issuing bonds increases long-term liabilities in the statement of net assets. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.	
Add - principal payments on long-term liabilities	780,118
Add - decrease in accrued compensated absences	30,841
Add - decrease in accrued interest payable	13,429
Elimination of Internal Service Fund activities	<u>123,242</u>
Change in net assets of governmental activities	<u><u>\$ (9,398)</u></u>

The accompanying notes are an integral part of these financial statements.

The accompanying notes are an integral part of these financial statements.

CITY OF SAGINAW, MICHIGAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2006

NOTE A - REPORTING ENTITY

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the City of Saginaw, Michigan (the primary government) and its component units. The component units discussed below are included in the City's reporting entity as they are entities for which the government is considered to be financially accountable.

Discrete Component Units

The component units columns in the government-wide financial statements include the financial data of the City's thirteen component units. These units are reported in a separate column to emphasize that they are legally separate from the City.

Tax Increment Finance Authority (TIFA) - Two component units - City Council established TIFA districts pursuant to Act 450 of the public Acts of 1980 for the Saginaw Division Tower and Morley Building projects. Property tax revenues received from the "captured" portion of these properties are restricted to pay project expenditures or set aside for future development within the districts depending on the development plan adopted for each project. The members of the governing board of the TIFA are appointed by City Council and development agreements of the TIFA districts are also approved by City Council. The City has the ability to significantly influence the operations of the TIFA. Complete financial statements of the TIFA can be obtained at the City of Saginaw, 1315 S. Washington Avenue, Saginaw, Michigan, 48601.

Downtown Development Authority (DDA) - Three component units - The members of the governing board of the DDA are appointed by City Council and development agreements of the DDA districts are also approved by City Council. Districts were established for the Commerce Center, Sils Island and the DDA. The City has the ability to significantly influence the operations of the DDA. Complete financial statements of the DDA can be obtained at the City of Saginaw, 1315 S. Washington Avenue, Saginaw, Michigan, 48601.

Saginaw Economic Development Corporation (SEDC) - One component unit - The members of the governing board of the SEDC are appointed by City Council and they review and approve loans to businesses located within the City limits. The City has the ability to significantly influence the operations of the SEDC. The financial statements of the SEDC were not available for inclusion in the June 30, 2006 financial statements.

Local Development Finance Authority (LDFA) - Six component units - When legislation expired for TIFA projects (above), City Council established LDFA districts pursuant to Act 281 of the Public Acts of 1986 for the following economic development projects: Thomson Saginaw Ball Screw Company, Sexton, Baker Perkins, Treasure Island, Saginaw Machine Systems and Saginaw Tool and Die. Property tax revenues received from the "captured" portion of these properties are restricted to pay project expenditures or set aside for future development within the districts depending on the development plan adopted for each project. The members of the governing board of the LDFA are appointed by City Council and development agreements of the LDFA districts are also approved by City Council. The City has the ability to significantly influence the operations of the LDFA. Complete financial statements of the LDFA can be obtained at the City of Saginaw, 1315 S. Washington Avenue, Saginaw, Michigan, 48601.

Brownfield Redevelopment Authority SRRF - One component unit - Property tax revenues received from the "captured" portion of these properties are restricted to pay site clean up expenditures and future development depending on the development plan adopted for each project. The members of the governing board of the Authority are appointed by City Council and they review and approve development plans for businesses relocating within designated areas of the City where property was once contaminated. The City has the ability to significantly influence the operations of the Brownfield Redevelopment Authority. Complete financial statements of the Authority can be obtained at the City of Saginaw, 1315 S. Washington Avenue, Saginaw, Michigan, 48601.

Joint Venture - Saginaw-Midland Municipal Water Supply Corporation

The City of Saginaw purchases raw water from the Saginaw-Midland Municipal Water Supply Corporation. This corporation brings water from Lake Huron, beginning at Whitestone Point, through a joint supply line, to Junction Station, at which point it is pumped through separate lines to Midland and Saginaw. The joint line is operated and maintained by the Corporation, which is an inter-governmental body composed of six members. Three members each are appointed by the Saginaw and Midland City Councils. The City of Saginaw owns 23/43rds of the Saginaw-Midland Municipal Water Supply Corporation and the City of Midland owns 20/43rds.

This joint venture is accounted for in the Water Fund using the equity method. The City reported an increase in equity of \$500,498 as nonoperating revenues. At June 30, 2006, total outstanding bonded debt of the Saginaw-Midland Municipal Water Supply Corporation was \$23,085,932. The City was obligated for \$12,348,289 of this total. During fiscal year 2006, the City paid the Corporation \$1,277,641 to finance its share of the contractual obligations. The City's equity of \$8,935,038 in the Saginaw-Midland Municipal Water Supply Corporation is recorded as an Investment within the Noncurrent Assets section on the statement of net assets of the Water Fund.

The financial information for the year ended June 30, 2006 for the Saginaw-Midland Municipal Water Supply Corporation follows:

Total Assets	\$ 40,238,160	Total Revenues	\$ 4,998,655
Total Liabilities	23,533,523	Total Expenses	4,062,940
Net Assets	<u>\$ 16,704,637</u>	Net Income	<u>935,715</u>
Net Assets:		Net Assets at	
City of Saginaw	\$ 8,935,038	Beginning of Year	15,768,922
City of Midland	7,769,599	Total Net Assets	<u>\$ 16,704,637</u>
Total Net Assets	<u>\$ 16,704,637</u>		

Complete financial statements can be obtained at the Saginaw-Midland Municipal Water Supply Corporation, 4678 Three Mile Road, Bay City, Michigan, 48706.

NOTE B - BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of the interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financial accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements, except for agency funds which do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period and one year for reimbursement based grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, intergovernmental revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *community development fund* accounts for the grant revenues and related community development projects under the grants.

The government reports the following major proprietary funds:

The *water fund* accounts for the activities of the government's water distribution and treatment system.

The *sewer fund* accounts for the activities of the government's sewage disposal and treatment system.

Additionally, the City reports the following fund types:

Internal service funds account for fringe benefit and fleet management services provided to other departments or agencies of the government on a cost reimbursement basis.

The *pension and other employee benefit trust funds* account for the activities of the Policemen and Firemen Pension Fund and Public Employee Healthcare Fund, which accumulate resources for pension and health benefit payments for qualified employees.

Agency funds are use to account for assets held for other governments in an agency capacity, including tax collections.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the sewer and water enterprise funds are charges to customers for sales and services. The enterprise funds also recognize as operating revenues the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Significant Accounting Policies

Budgets and Budgetary Accounting - The City Charter requires the City Council, by resolution, to determine and adopt the budget and make the appropriations for the next fiscal year and to provide, by resolution, for a tax levy of the amount necessary to be raised by taxation at least 30 days prior to the first day of the upcoming fiscal year. Budgetary control is exercised at the department (appropriation center) level in the General Fund and at the fund level for all other budgeted funds. General Fund line item budget transfers from one account to another within the same appropriation center can be made without City Council approval. All budget transfers from one appropriation center to another or from the General Fund Contingent Appropriation account must be approved by City Council. In all other funds, line item budget transfers from one account to another within the same department and fund can be made without City Council approval.

All unencumbered appropriations lapse at the end of the fiscal year unless specific requests to reserve funds for capital items are made by the departments and approved by the City Controller. The subsequent fiscal year's budget is then amended when these expenditures are recorded. Encumbrances outstanding at June 30, 2006 do not lapse but are brought forward to the new fiscal year.

The General Fund, Community Development, Major Streets, Local Streets, Rubbish Collection, Police Grants, Drug Forfeiture, Andersen Center Operation, Boat Launch Operation and Economic Development Special Revenue Funds are under formal budgetary control as is required by Michigan Public Act 621. Budgets shown in the financial statements were prepared on the modified accrual basis. This is the same basis used to reflect actual results and consists only of those amounts contained in the formal budget approved by City Council. Special Revenue Funds are considered to be departments for budgetary purposes. All Enterprise and Internal Service Funds are budgeted annually for internal control purposes only. Budgetary information for these funds is not required in the financial statements. Budgetary control for the Capital Projects Fund is on a project basis because most exceed one fiscal year. Any funds not expended during the current fiscal year are carried forward until spent or reallocated. City Council does not formally adopt budgets for the Municipal Streets, Marina Grant, and Urban Development Action Grant Special Revenue Funds or the Trust and Agency Funds.

Cash and Cash Equivalents - Cash and cash equivalents for all funds includes amounts in demand deposits, petty cash and certain investments which are payable upon the demand of the City and have an original maturity of three months or less. Cash balances in most of the City's operating funds are pooled and invested in various investments throughout the year. Each fund's cash balance is reported in a separate cash account and the City allocates interest earnings based on the average cash balance in each fund during the year. For purposes of the Statement of Cash Flows, the City considers all highly liquid investments held by trustees with a maturity of three months or less when purchased to be cash equivalents. In addition, all cash and investments with the City Treasurer are also considered to be cash equivalents since they are available on demand.

Investments – All investments are stated at fair value. It is the general intent of the City to hold investments to maturity. In the Policemen and Firemen Pension Fund, investments are traded when the opportunity to increase the overall yield of the investment portfolio arises.

Employee Sick Leave, Vacation/PTO and Compensatory Time - The liability for unused sick and vacation/PTO hours as earned by employees at various rates has been recorded as long-term liabilities in the governmental and business-type activities. AFSCME, SEIU and non-union management employees are paid for all of their accumulated PTO days, up to a maximum of 1,312 hours, upon death, termination or retirement. Fire fighters are paid for all of their accumulated PTO days, up to a maximum of 2,148 hours, upon death, termination or retirement. POAM union employees are paid for one-half of their accumulated unused sick days upon death or retirement up to a maximum of 1,312 hours in addition to their unused vacation hours. Certain employee groups are allowed to accumulate overtime hours and later use these accumulated hours as time off in lieu of a cash payment.

Encumbrances - Encumbrances are commitments under purchase orders or contracts. Outstanding encumbrances at year-end are not recorded as expenditures until the goods or services are received. Only those encumbrances that are recorded as payables at June 30 are included as expenditures for budgetary presentations. Fund balance has been reserved for all outstanding encumbrances in the governmental fund types and will be recorded as expenditures in the subsequent fiscal year.

Interfund Receivables and Payables - During the course of its operations, the City has numerous transactions between funds to finance operations, provide services, construct assets and service debt. To the extent that certain transactions between funds had not been received or paid as of June 30, 2006, the resulting interfund receivables and payables have been recorded (see Note N).

Inventories - Supplies inventories recorded in the various fund types are stated at cost. Inventories in the Special Revenue, Enterprise and Internal Service Funds consist of expendable materials and supplies held for consumption. The costs of the materials and supplies are recorded as expenditures/expenses at the time they are used. Until then, they are considered to be an asset. Physical inventories are taken at the end of each fiscal year and the asset account is adjusted accordingly. Inventories in the Enterprise and Internal Service Funds are valued on the average cost method. Inventories in the Special Revenue Funds are valued on the first-in, first-out method. The inventory balances in the Major Streets Special Revenue Funds are equally offset by a fund balance reserve, which indicates that these amounts do not constitute "available spendable resources" even though they are a component of current assets.

Capital Assets – Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$3,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities, if any, is included as part of the capitalized value of the assets constructed. No such interest expense was incurred during the current fiscal year.

For the governmental activities, infrastructure includes only those infrastructure assets acquired subsequent to July 1, 2002.

Depreciation - It is computed using the straight-line method over the estimated useful lives of the related assets as follows: streets system infrastructure (7-50 years), buildings and improvements (50 years); combined sewer overflow facilities (25 years); wave pool complex (25 years); plant equipment (15 years); radio equipment (8 years); office and data processing equipment (5 years); and vehicles (5 years).

Long-term Obligations - In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In fund financial statements, governmental fund types recognize bond premium and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Reservations and Designations of Fund Equities - Reservations of fund balance are established to identify (1) claims against resources of the entity that have not materialized as liabilities at the balance sheet date, or (2) the existence of assets that, because of their non-monetary nature or lack of liquidity, represent financial resources not available for current appropriation or expenditure, for example: encumbrances, prepaid items, inventories, specific projects and long-term advances to other funds. Such reserves are not intended as valuation allowances, but merely demonstrate the current unavailability of the subject assets to pay current expenditures. Designations of fund balance have been made for Capital Projects, Self Insurance Fund, Workers Compensation, Parking Fund and Budget Stabilization. These portions of fund balance are intended to be used for these purposes and are not available for appropriation or expenditure. Restrictions of net assets in the Enterprise Funds represent amounts that are required to be segregated in accordance with City ordinances. These portions of net assets are intended to be used for these purposes and are not available for appropriation or expense.

Restricted Assets - Restricted assets result from revenue bond ordinance reserve requirements and proceeds of bond issues stipulated for construction of capital assets. They also result from other legal or contractual requirements which restrict the use of resources.

NOTE C - DEPOSITS AND INVESTMENTS

	<u>Deposits</u>	<u>Investments</u>	<u>Total</u>

	<u>\$ 26,910,087</u>	<u>\$ 130,859,201</u>	<u>\$ 157,769,288</u>

Investments – The City’s investment policy is in compliance with Michigan Compiled Laws, Section 129.91. State statutes authorize the City to invest public funds in the following:

- Bonds and other direct obligations of the United States or an agency or instrumentality of the United States.
- Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.
- Commercial paper rated at the time of purchase A-1 or A-2 by Standard and Poor’s Corporation or P-1 or P-2 by Moody’s Commercial Paper Record and which matures not more than 270 days after the day of purchase.
- Bankers acceptances of United States banks.
- Obligations of the State of Michigan and its political subdivisions that, at the time of purchase are rated as investment grade by at least one standard rating service.
- Mutual funds registered under the investment company act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- External investment pools as authorized by Public Act 20 as amended through 12/31/97.
- The Policemen and Firemen Retirement System is also authorized to invest a portion of its assets in stocks that are registered on a national securities exchange that have paid dividends for five of the last seven years and mutual funds of diversified investment companies having assets greater than \$100 million.

As of June 30, 2006, the maturities and credit quality rating of debt securities are as follows:

	<u>Fair Value</u>	<u>Investment Maturities (In Years)</u>				<u>S&P Rating</u>
		<u>Less Than 1</u>	<u>1 - 5</u>	<u>6 - 10</u>	<u>More Than 10</u>

Investment and deposit risk

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments. The City's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified above. The City's investment policy does not have specific limits in excess of state law on investment credit risk. The ratings for each investment are identified above for investments held at year end.

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned. State law does not require and the City does not have a policy for deposit custodial credit risk. As of year end \$16,735,636 of the City's bank balance of \$17,082,215 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial Credit Risk – Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the City does not have a policy for investment custodial credit risk. However, while uninsured and unregistered, the City's funds are not exposed to custodial credit risk since the securities are held in the counterparty's trust department in the City's name.

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified above. The City's investment policy does not have specific limits in excess of state law on concentration of credit. All investments held at year end are reported above.

NOTE D - RECEIVABLES

Receivables as of year end for the City's governmental and business-type activities in the aggregate, are as follows:

	Governmental Activities	Business Type Activities	Component Units
Income Taxes	\$ 1,342,882	\$ -	\$ -
Accounts	1,635,647	4,820,808	-
Accrued Interest	22,173	2,086	6,532
Intergovernmental	5,589,094	937,758	91,241
Property Taxes	206,372	-	95,950
Assessments			
Due within one year	533,851	57,014	-
Due after one year	30,099	-	-
Notes			
Due within one year	35,000	-	-
Due after one year	1,642,354	-	-
Reserve for uncollectible accounts	(245,416)	(76,129)	-
Total receivables	\$ 10,792,056	\$ 5,741,537	\$ 193,723

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	Unavailable	Unearned
Property taxes receivable (General Fund)	\$ 138,029	\$ -
Property taxes receivable (Non-major Governmental fund types)	68,344	-
Accounts receivable (General Fund)	1,063,033	-
Accounts receivable (Community Development)	103,969	-
Assessments receivable (General Fund)	17,180	-
Assessments receivable (Non-major Governmental fund types)	12,919	-
Notes receivable	1,645,930	-
Grant drawdowns prior to meeting all eligibility requirements	-	985,090
	\$ 3,049,404	\$ 985,090

NOTE E - PAYABLES

Accounts payable and accrued expenses as of year end for the City's governmental and business-type activities in the aggregate, are as follows:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Payables:		
Accounts	\$ 1,619,683	\$ 2,036,346
Accrued liabilities	673,701	201,626
Intergovernmental	259,846	28,714
Deposits	683,199	792,465
Accrued interest	<u>29,346</u>	<u>265,221</u>
 Total payables	 <u>\$ 3,265,775</u>	 <u>\$ 3,324,372</u>

NOTE F- LONG-TERM OBLIGATIONS

	Balance <u>June 30, 2005</u>	<u>Additions</u>	<u>Deductions</u>	Balance <u>June 30, 2006</u>	<u>Due Within One Year</u>
<u>Business-type activities:</u>					
4.70% to 6.00% 2000 water revenue bonds	\$ 4,100,000	\$ -	\$(1,420,000)	\$ 2,680,000	\$ 1,515,000
2.00% State of Michigan sewage disposal system bonds	30,445,920	-	(3,305,794)	27,140,126	3,270,870
2.25% State of Michigan sewage disposal system bonds	7,417,088	-	(484,890)	6,932,198	497,860

Internal service funds predominately serve the governmental funds. Accordingly, long-term liabilities for those funds are included as part of the above totals for governmental activities.

For the governmental activities, workers' compensation and insurance claims payable are liquidated by the internal service funds and accrued sick and vacation/PTO payable and compensatory time payable are generally liquidated by the general fund and certain special revenue funds.

The annual requirements to pay principal and interest on long-term obligations outstanding at June 30, 2006, excluding accrued sick and vacation/PTO payable, workers' compensation payable, insurance claims payable, compensatory time payable and Section 108 loans payable to DHUD are as follows:

Due In	<u>Business-type Activities</u>		<u>Governmental Activities</u>		<u>Totals</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>

The total requirements of principal and interest on long-term obligations at June 30, 2006 for business-type activity obligations are summarized as follows:

<u>Business-type activities obligations:</u>	<u>Principal</u>	<u>Interest</u>
Water Revenue Bonds	\$ 2,680,000	\$ 206,872
State of Michigan Sewage Disposal System Bonds (2.00%)	27,140,126	2,267,032
State of Michigan Sewage Disposal System Bonds (2.25%)	6,932,198	1,067,655
State of Michigan Sewage Disposal System Bonds (2.50%)	11,909,648	2,346,450
Drake/Douglas General Obligation Bonds	1,075,000	564,519
State of Michigan Sewage Treatment Improvement Bonds (1.625%)	<u>2,393,794</u>	<u>314,845</u>
Total Enterprise Obligations	<u>\$ 52,130,766</u>	<u>\$ 6,767,373</u>

The total requirements of principal and interest on long-term obligations at June 30, 2006 for governmental activities obligations are summarized as follows:

<u>Governmental Activities Obligations:</u>	<u>Principal</u>	<u>Interest</u>
1994 Debt Service Judgment		
Bonds	\$ 220,000	\$ 19,583
Pierce Fire Pumpers	156,045	2,372
Compost Screener	15,917	876
Komatsu Wheel Loader	83,511	6,993
Morbark Wood Chippers	22,979	1,012
Bobcat Skid Loader	49,030	5,537
	<u>547,482</u>	<u>36,373</u>
Total General Obligations	<u>547,482</u>	<u>36,373</u>
Total Future Debt Service Requirements	<u>\$ 52,678,248</u>	<u>\$ 6,803,746</u>

State law and the City's revenue bond ordinances require that the City maintain such user charges and fees for service as may be required to meet all operating, reserve and debt service requirements. These ordinances also require various accounts be maintained to cover operation and maintenance; improvements and extension; repairs and replacements; and a reserve for bond and interest redemption. Annual contributions are made to these accounts as required and to the reserve for bond and interest redemption to maintain it at a level equal to the largest annual debt service payment outstanding. Any funds remaining after meeting these requirements may be placed in a surplus fund to be used to meet future debt or reserve requirements or to provide a means of financing further improvements and extensions to the water system.

NOTE G - ACTIVITY EXCEEDING APPROPRIATIONS

The following funds had excess of expenditures over appropriation at the legal level of budgetary control:

	<u>Appropriations</u>	<u>Actual</u>	<u>Budget Variance</u>
GENERAL FUND:			
General Government			
Cable Television Operation	\$ 41,110	\$ 42,762	\$ 1,652

The Wave Pool Enterprise Fund assets were idle for the year ended June 30, 2006. At June 30 they had a net carrying value of \$926,810.

Depreciation expense was charged to functions/programs of the primary government as follows:

Governmental activities:	
General government	\$ 401,153
Fiscal Services Administration	13,310
Fire	178,118
Police	107,336
General services	220,860
Community services	12,210
Highways and streets	418,968
Internal service funds	<u>503,258</u>
Total depreciation expense – governmental activities	<u>\$1,855,213</u>
Business-type activities:	
Water	\$1,182,441
Sewer	5,209,710
Parking	51,437
Wave Pool	<u>141,771</u>
Total depreciation expense – business-type activities	<u>\$6,585,359</u>

NOTE I - LITIGATION, CONTINGENCIES, COMMITMENTS AND SUBSEQUENT EVENTS

The City is a defendant in various civil and administrative legal actions arising during the normal course of its activities. In accordance with FASB Statement 5, *Accounting for Contingencies*, the City accrues for loss contingencies when it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated (see Note O).

The City Attorney protects the legal interests of the City by vigorously defending these actions and believes these actions will either be favorably resolved or that it is too early to estimate any possible loss upon the outcome of such cases. Often, the City Attorney negotiates expedient settlements on behalf of the City in amounts substantially less than the amount sought by the claimants. The City does not admit liability, however, in any of the cases settled.

The City is self-insured for workers' compensation. Over the past few years, the number of workers' compensation claims has greatly decreased. In accordance with GASB Statement No. 10, an estimate of the City's workers' compensation liability has been recorded in an Internal Service Fund (see Note O).

NOTE J – INTERFUND TRANSFERS

Interfund transfers for the year ended June 30, 2006, consisted of the following amounts:

	Transfers from:				Total
	General Fund	Community Development	Nonmajor Governmental	Internal Service	
Transfers to:					
General Fund	\$ -	\$-	\$ -	\$ 405,186	\$ 405,186
Nonmajor governmental	473,193	269,151	633,241	30,730	1,406,315
Water	-	-	-	21,034	21,034
Internal Service	-	-	39,241	-	39,241
	<u>\$ 473,193</u>	<u>\$ 269,151</u>	<u>\$ 672,482</u>	<u>\$ 456,950</u>	<u>\$ 1,871,776</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the fund collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected into the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE K – DEFICIT BALANCES IN FUND EQUITIES

In the Nonmajor Enterprise Funds, the Parking Fund had a net assets deficit at the fiscal year ended June 30, 2006 in the amount of \$211,245. In the Internal Service Funds, the Self Insurance Fund and the Workers' Compensation Fund had net assets deficits at the fiscal year ended June 30, 2006 in the amount of \$176,362 and \$206,059, respectively. Deficit Elimination Plans will be prepared for Council approval and then filed with the Local Audit and Finance Division of the State of Michigan.

NOTE L - RETIREMENT SYSTEMS

The City participates in three pension plans: the City of Saginaw Policemen and Firemen Retirement System, a single-employer defined benefit system, the Michigan Municipal Employees Retirement System (MERS), a State administered agent multi-employer defined benefit public retirement system that acts as a common investment and administrative agent for virtually all Michigan municipal employees, and a defined contribution system through MERS and ICMA. Permanent, full time employees not covered under the Policemen and Firemen Retirement System are covered under MERS if employed before June 30, 2000. After June 30, 2000, new permanent, full time employees not covered by the Policemen and Firemen Retirement System are covered under the defined contribution system that is held in trust by ICMA for the sole benefit of the participating employees. The Policemen and Firemen pension plan is maintained as a Pension Trust Fund and is reported on herein as part of the City's reporting entity. The required supplemental 6-year historical trend information provides information about the progress made in accumulating sufficient assets to pay benefits when due.

DEFINED CONTRIBUTION PENSION PLAN

The City of Saginaw Employees Defined Contribution Pension Plan (the "Plan") is a single employer defined contribution pension plan, established by the City and administered by an outside third-party administrator. All City employees hired after July 1, 2000, with the exception of certain bargaining units, are required to participate in the Plan. As the union contracts of the non-participating bargaining units are renegotiated, new employees of these units are added to the Plan. All other City employees that are not vested in the City's Defined Benefit Plan have the option of becoming a participant in the Defined Contribution Plan.

Employees vest in the City's contributions according to years of service completed. Employees with 3 years of service are 20% vested. The vesting schedule increases 20% for each additional year of service, with the employee becoming fully vested upon 7 years of completed service.

At June 30, 2006, there were 89 plan members. The City is required to contribute 10% of the employees' gross wages and the eligible employee is required to contribute 5% of their gross wages. The contribution requirements of plan members and the City are established and may be amended by the City Council.

Employer contributions to the Plan for the year ended June 30, 2006 amounted to \$380,479 and employee contributions were \$196,075.

A stand-alone pension plan report has not been issued for the defined contribution plan.

MICHIGAN MUNICIPAL EMPLOYEES RETIREMENT SYSTEM

Plan Description

The City's defined benefit pension plan, the City of Saginaw Employees Retirement Plan, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The City participates in the Municipal Employees Retirement System of Michigan (MERS), an agent multiple-employer plan administered by the MERS Retirement Board. Act No. 427 of the Public Acts of 1984, as amended, establishes and amends the benefit provisions of the participants in MERS. The Municipal Employees Retirement System of Michigan issues a publicly available financial report that includes financial statements and required supplementary information for MERS. That report may be obtained by writing to the Municipal Employees Retirement System of Michigan, 1134 Municipal Way, Lansing, Michigan, 48917 or by calling (800) 767-6377.

All permanent, full time employees not covered under the Policemen and Firemen Retirement System are covered under MERS.

Funding Policy

The City is required to contribute an amount equal to a percentage of covered payroll which is determined based on union negotiated rates and actuarially determined rates; the current rate to cover normal costs ranges from 25.47% to 69.9% of annual covered payroll. Under the plan, eligible employees are required to contribute 4.7% of earned wages to the MERS plan. The contribution requirements of the City are established and may be amended by the Retirement Board of MERS. The contribution requirements of plan members are established and may be amended by the City, depending on the MERS contribution program adopted by the City.

Annual Pension Cost

For the year ended June 30, 2006, the City's annual pension cost of \$3,335,932 for MERS was equal to the City's required and actual contributions. The required contribution was determined as part of the actuarial valuation using the entry age normal cost method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 8.0%, (b) projected salary increases of 4.5% per year compounded annually, attributable to inflation, and (c) additional projected salary increases of 0.0% to 4.16% per year, depending on age, attributable to seniority/merit. The actuarial value of MERS assets was determined on the basis of a valuation method that assumes the fund earns the expected rate of return, and includes an adjustment to reflect fair value. The City's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2005, the date of the latest actuarial valuation, was 22 years.

Three-Year Trend Information

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage Of APC Contributed	Net Pension Obligation
06/30/04	\$ 2,303,220	100%	\$ 0
06/30/05	3,056,773	100%	0
06/30/06	3,335,932	100%	0

Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability (AAL) Entry Age	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll

POLICEMEN AND FIREMEN RETIREMENT SYSTEM

Plan Description and Contribution Information

The City has a single-employer defined benefit contributory pension plan which provides retirement, death and disability benefits covering all Police and Fire personnel of the City, subject to certain eligibility requirements. Membership of the plan consisted of the following at June 30, 2004 the date of the latest actuarial valuation:

Retirees and beneficiaries receiving benefits	381
Active plan members	<u>178</u>
Total	<u>559</u>

Eligible members of the Plan are required to contribute eight percent (8%) for police, with an additional 3.5% for patrol and command members, and eight percent (8%) for fire of their annual compensation to the Plan with the City contributing such additional amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan members. The current rate paid by the City is 40.61% of annual covered payroll for police patrol and command and 44.11% for all other members.

The City of Saginaw is the Administrator of the Plan. Administrative costs of the Plan are financed through investment earnings. The Plan is included as a pension trust fund in the City's financial statements and a stand alone financial report of the Plan has not been issued.

Plan amendments are under the authority of Ordinance D One, Chapter 5, Article One, of the Saginaw General Code which states all amendments are to be approved by City Council. Changes in required contributions are approved by the Policemen and Firemen Pension Board.

Significant Accounting Policies

Basis of Accounting - The Plan's financial statements are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which they are due. The City's contributions to the Plan are recognized when due and the employer has made a formal commitment to provide them. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Investments - Investments are reported at fair value which is determined using selected bases as follows: short-term investments are reported at cost, which approximates fair value; securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates; investments that do not have established fair values are reported at estimated fair value; and cash deposits are reported at carrying amounts which reasonably estimates fair value.

No single investment comprised more than five percent of the total investments for the Police and Fire Retirement System at June 30.

The Plan's annual pension cost of \$3,626,717 was equal to the Plan's required and actual contributions for the current year.

The annual required contribution for the current year was determined as part of a June 30, 2004 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions included (a) 7.75% investment rate of return (net of administrative expenses) and (b) projected salary increases ranging from 4.75% to 17.75% per year. Both (a) and (b) included an inflation component of 4.75%. The assumptions did not include post-retirement benefits. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility in the fair value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at June 30, 2004 was 27 years.

GASB Statement No. 25 Required Supplementary Information is presented after the Footnotes on page 56.

NOTE M - EMPLOYEE BENEFITS

In addition to contributing to the Michigan Municipal Employees Retirement System described in Note L, all full time City employees, except sworn Police and Fire personnel, contribute to Social Security (6.20%), up to a maximum of \$4,984.80, and Medicare (1.45%). All sworn Police and Fire personnel hired after April 1, 1986 contribute 1.45% to Medicare. All regular part time employees, those who work between twenty and thirty-two hours per week, contribute 1.45% to Medicare and 3.75% to a deferred compensation account in lieu of Social Security. The City contributes a matching 3.75%.

The City paid or accrued premiums, claims and administrative fees to third party administrators for its full time employees totaling \$4,710,756, an increase of 13.35% from the prior fiscal year, as follows:

	Fiscal Year 2006	Fiscal Year 2005	Increase (Decrease)
Health Insurance	\$ 3,929,434	\$ 3,295,113	\$ 634,321
Dental Insurance	323,287	316,403	6,884
Life Insurance	148,173	113,766	34,407
Short/Long term disability	225,841	350,290	(124,449)
Vision Care	84,021	80,450	3,571
 Total Payments	 <u>\$ 4,710,756</u>	 <u>\$ 4,156,022</u>	 <u>\$ 554,734</u>

The cost of these premiums is charged to City funds based on the actual cost for each employee.

OTHER POSTEMPLOYMENT BENEFITS

In addition to the pension benefits described in Note L, the City of Saginaw continues health insurance coverage to all employees upon retirement according to Union contracts negotiated with the various employee bargaining groups. Life insurance is also provided upon retirement as follows: \$6,000 for the Fire fighters employee group; \$7,000 for the Police Command employee group; and \$10,000 for the non-union Management, Supervisory, Police Patrol, Salaried and Hourly employee groups. Dental insurance is continued upon retirement only to the Fire fighters covered by Delta Dental. Dental insurance for all other employee groups is terminated upon retirement.

In addition to the health care expenditures for full time employees above, expenditures in the amount of \$7,118,911 were recognized for postretirement health care benefits, an increase of 24.1%, over the prior fiscal year, as follows:

	No. of Retirees	Fiscal Year 2006	Fiscal Year 2005
Health Insurance	713	\$ 7,062,242	\$ 5,683,241
Dental Insurance	76	40,914	37,655
Life Insurance	517	15,755	15,336
 Total Payments		 <u>\$ 7,118,911</u>	 <u>\$ 5,736,232</u>

The cost of these premiums is charged to City funds based on the actual cost for each retiree.

The City has obtained an actuarial valuation as of June 30, 2001, that indicates that the City has a \$115 million liability for unfunded postretirement health care benefits that has not been recorded in the City's financial statements

NOTE N - INTERFUND RECEIVABLES AND PAYABLES

Interfund balances at June 30, 2006 consisted of the following:

	Due From					Total
	General Fund	Community Development	Nonmajor Governmental	Nonmajor Enterprise	Internal Service	
Due to:						
General Fund	\$ -	\$ 43,000	\$ -	\$ -	\$ -	\$ 43,000
Nonmajor governmental	9,824	-	-	-	-	9,824
Sewer	-	-	-	232,191	-	232,191
Internal Service	162,482	-	186,390	329,272	414,154	1,092,298
Total	\$ 172,306	\$ 43,000	\$ 186,390	\$ 561,463	\$ 414,154	\$ 1,377,313

The balance of \$43,000 due to the General Fund from the Community Development Fund resulted from loans made in the Community Development Fund for the use of residential rehabilitation known as the Russell Street Homes. As these loans are paid back to the Community Development Fund, the money is transferred to the General Fund to reduce the interfund receivable.

All remaining balances resulted from the time lag between the dates that (1) goods and services are provided or reimbursable expenditures occur and (2) transactions are recorded in the accounting system.

NOTE O – SELF INSURANCE

General Liability

The City's insurance carriers are Genesis Insurance Company for general liability coverage and St Paul Insurance for vehicle damage and liability. The City is insured up to \$21 million with a \$100,000 deductible per occurrence for general liability and for \$15,000 per vehicle/\$30,000 per occurrence with a \$1,000 deductible for automobile liability. There were no reductions of insurance coverage from the prior year.

The self-insurance program for general liability is accounted for in the Self Insurance Internal Service Fund. The revenues for this fund's operation are reimbursements from various funds and a transfer from the General Fund. Funds are charged for general liability insurance based on total budget. Losses, deductibles, legal and administrative fees are paid from this fund. The liability for known claims is estimated by ASC, a third-party claims administrator.

The changes in the claims liability for the fiscal years ended June 30, 2005 and 2006 are as follows:

	Beginning Claims Liability	Current Year Claims and Changes in Reserves	Claims Paid	Ending Claims Liability
6/30/05	\$ 674,194	\$ (15,223)	\$ (55,320)	\$ 603,651
6/30/06	603,651	(14,644)	(66,917)	522,090

Other types of risk are covered by commercial insurance. There were no insurance settlements that exceeded coverage in the last three years.

Health Insurance

The self-insurance program for health insurance is accounted for in the Employee Benefits Agency Fund, with any expenses charged to the applicable departments within the City's other funds, and the Public Employee Healthcare Fund (trust fund). An independent administrator (Blue Cross) is hired to process the daily claims. The City is responsible for individual claims up to \$50,000 and Blue Cross is responsible for paying the claims above this amount. There were no reductions of insurance coverage from the prior year. The City is also responsible for paying administrative charges and for actual prescription claims. The revenues for this Fund's operation are reimbursements from various funds. The liability of the end of the year is based on claims already incurred and reported and on estimates of incurred but not reported claims as provided by Blue Cross.

The changes in the claims liability for the year ended June 30, 2006 are as follows:

	<u>Beginning Claims Liability</u>	<u>Current Year Claims and Changes in Reserves</u>	<u>Claims Paid</u>	<u>Ending Claims Liability</u>
6/30/06	\$ -	\$ 609,223	\$ -	\$ 609,223

Workers' Compensation

The self-insurance program for workers' compensation is accounted for in the Workers' Compensation Internal Service Fund. Cambridge, Inc. administers this program. They are responsible for processing incident reports, claims investigation, payment of claims and coordinating workers' compensation cases with the City's Employee Services Division. The revenues for this fund's operation are reimbursements from various funds and a transfer from the General Fund. Funds are charged for workers' compensation insurance on a percentage of actual salaries. The percentages vary depending on the payroll classification of each employee and are a composite of the rates of several insurance companies. Deposits for claims and administrative expenses are paid from this fund. The liability for known claims is estimated by Cambridge, Inc. Incurred But Not Reported claims are judged to be immaterial by Management.

The City also carries Excess Workers' Compensation coverage for claims exceeding \$300,000 and Employers' Liability coverage in the amount of \$1,000,000 through American Home Assurance Company. These coverages will provide financial protection for the City in the event of a major employment-related catastrophe. The City currently has ten workers' compensation claims that exceed \$300,000.

The changes in the claims liability for the fiscal years ended June 30, 2005 and 2006 are as follows:

	<u>Beginning Claims Liability</u>	<u>Current Year Claims and Changes in Reserves</u>	<u>Claims Paid</u>	<u>Ending Claims Liability</u>
6/30/05	\$ 2,307,062	\$573,051	\$ 489,774	\$ 2,390,339
6/30/06	2,390,339	(87,162)	430,090	1,873,087

NOTE P - PROPERTY TAXES

City property taxes are levied each July 1 on the taxable value of property located in the City as of the preceding December 31, tax day and the lien date. In accordance with the provisions of Proposal A (see below), taxable value is the lower of the following three computations: 1) assessed/state equalized value; 2) the prior year's taxable value multiplied by the increase in the consumer price index or five percent (5%), whichever is less; or 3) the multiplier value. Proposal A requires the City Assessor to annually establish the assessed values and the equalization of said assessed values by the State of Michigan at 50 percent of current market value, prior to the application of formulas to determine the taxable value. Real property taxable value for the July 1, 2005 levy was assessed at \$586,486,625 and personal property taxable value was assessed at \$120,114,398.

The City of Saginaw's operating tax rate for the fiscal year ended June 30, 2006 was 5.4185 mills (limited to 7.50 mills) with an additional 2.9532 mills for rubbish collection. The City did not levy for debt service.

On March 15, 1994, voters in the State of Michigan approved Proposal A, a property tax reform proposal, which shifted the funding of education from property taxes to a combination of property taxes, higher sales tax and a real estate transfer tax. Property taxes were reduced to a maximum of six mills for homestead property and eighteen mills for non-homestead property; the State Sales Tax was increased from four cents to six cents; and a new real estate transfer tax of \$7.50 per thousand dollars was added. In addition, Proposal A restricted the growth of assessments on individual properties to the increase in the consumer price index or five percent (5%), whichever is less, until ownership of the property is transferred. The citizens of Saginaw subsequently approved an additional four mills for public libraries when Proposal A eliminated their millage from the school's millage and another three mills to operate a public transportation system.

Taxes are due and payable on July 1 at the City Treasurer's Office and become delinquent after 30 days. To all real and personal taxes paid on or after August 1, there shall be added interest at the rate of $\frac{1}{2}$ of 1 percent for every month, or fraction thereof, from August 1 until the date of payment. A penalty of $\frac{1}{2}$ of 1 percent is also added after July 31. From March 1 and thereafter, real taxes are collected by the Treasurer of Saginaw County, who adds and keeps a collection fee of four percent (4%) on the unpaid balance, and in addition, adds interest at the rate of one percent (1%) per month from March 1 until the date of payment. Unpaid taxes, together with all charges thereon, become a continuing lien on the property assessed. The general tax law provides that real estate with delinquent taxes shall be sold at a state land sale.

Tax Limitation

By general law, property taxes for City purposes are limited to two percent (2%) of the assessed valuation of all real and personal property in the municipality, provided that no such restriction shall prevent the levy of taxes required for the payment of general debt obligations.

The charter of the City of Saginaw provided that City taxes shall be subject to the overall limitation (City, School and County) imposed by Section 21, Article X, of the Michigan State Constitution, which is 1-1/2 percent of assessed value exclusive of debt incurred prior to December 8, 1932. Act No. 44, Public Acts of 1948, effective August 20, 1948, amended all Michigan city charters nullifying charter limitations and authorized that the levy for city purposes shall not exceed one percent (1%) of assessed valuation in any one year, unless and until a different tax rate limitation is provided by charter. State equalized valuations have been used in place of local assessed valuations.

On November 6, 1979, pursuant to an initiatory referendum, the City Charter was amended by the electors of the City of Saginaw to reduce the maximum property tax, which may be levied by the City in any year from 10 mills to 7.50 mills. The amendment further provided that if in subsequent years the assessed value of all property within the City is increased for any reason, this maximum 7.50 mill rate would have to be permanently reduced so as to yield the same gross dollar revenue as the fiscal year 1979 property tax revenue yield (\$3,828,778). The amendment further provided for up to a 3 mill emergency levy if a specific emergency is declared by the Mayor and concurred in by a 3/4ths vote of the full Council.

On November 5, 2002 and May 3, 2005, special elections were held to remove the property tax dollar limitation of \$3,828,778 and the 7.50 mill limitation that was approved by the voters on November 6, 1979. The voters overwhelmingly defeated the proposal in both special elections.

NOTE Q - ECONOMIC DEVELOPMENT PROJECTS

Primary Government:

Baker Perkins Project

The City purchased a large industrial complex located in the southern area of the City at the end of 1987 and leased the office portion of the site to the seller. In February 1988, the City sold the office portion to Krauss Portfolio, Ltd. (KPL) and they assumed the lease with the former owner of the property. The balance of the site was retained by the Local Development Finance Authority (LDFA) for future development.

The LDFA leased the majority of the balance of the property comprising the Baker Perkins Project and the use of the property and certain equipment to Saginaw Industrial Machining, Inc. (SIM) to operate an industrial machining business. The business is financed with a line of credit from LaSalle Bank, secured by the assignment by the City (and the LDFA through private developers) of a portion of an income stream obtained from payments of tax increments made by the Tax Increment Finance Authority (TIFA) to the City from the Saginaw Division Tower Project.

In November 1989, the LDFA approved the sale of the Baker Perkins complex to the Saginaw Industrial Center (SIC). SIC agreed to remodel the facility, lease space and personal property to tenants and market it as an inner-city industrial park. The LDFA would act as an optional lessee and would lease space, if necessary, in the facility to provide an ongoing cash stream for debt service. The developer secured a \$1.1 million loan from a local bank to purchase the option from KPL, exercise the option and purchase the balance of the site from the LDFA and to make improvements to the facility. The bank's security would be the optional lease from the LDFA. The TIFA and LDFA pledged a portion of the cash stream from the Saginaw Division Tower Project to make the lease payments, if necessary. The payments assigned by the City to LaSalle Bank would be made by the developer, but still backed by the LDFA. The LDFA would have a first mortgage on the Baker Perkins real estate and personal property and a secured personal guarantee from an independent individual to make the LDFA whole in case of a loss.

On August 20, 1990, the TIFA and LDFA approved a Comprehensive Development Agreement with Saginaw Plastic Molding, Inc. (SPM). This project established SPM as an operating tenant at the SIC property and secured an additional \$825,000 loan from Citizens Bank primarily for the purchase of machinery and equipment which will be leased by SIC to SIM and SPM for its use. This loan is secured by an amendment to the existing Master Lease and amendments to the assignments of the income streams not already committed. The LDFA used the income stream to pay debt service payments on the new bank loan. SPM agreed to repay the LDFA all sums advanced, with interest, amortized over the then remaining term of the General Motors lease.

On April 17, 1996, the LDFA deferred the repayment of Interim Rental Advances made to SPM until the earlier of: 1) the date SPM completes the lease obligations for its blow molding machine under the Equipment Lease; or 2) the date the Equipment Lease is otherwise terminated for any reason including default of SPM. The LDFA also waived the payment of interest on the Interim Rental Advances provided SPM does not default in any of its obligations. No payments were made by SPM during the fiscal year.

Brownfield Authority Site Remediation Revolving Fund (SRRF)

The City received a grant in the amount of \$200,000 from the U.S. Environmental Protection Agency for a Brownfields Assessment Demonstration Pilot. Peerless Environmental Services, Inc. was selected to prepare an inventory of contaminated sites, prioritize the sites and perform Phase 1 environmental assessments. Businesses must prepare a Redevelopment Plan to clean up the site and make improvements. The eligible costs can be reimbursed from property taxes that are captured from the increase in the taxable value established at the date the City Council approves the Plan and the taxable value after improvements are completed. School taxes are excluded from captured taxes unless the project receives special review from the Michigan Department of Environmental Quality.

On April 12, 2000, the City was awarded a supplemental grant from the U.S. Environmental Protection Agency in the amount of \$200,000 to continue environmental testing of sites along the Saginaw River and in the City's Renaissance Zones and to expand the eligible areas to include the entire Brownfield Authority Zone.

NOTE R - RESTATEMENTS

An adjustment was made in the Motor Pool Fund to properly record the value of capital leases payable June 30, 2005. The liability was overstated and net assets were understated in 2005. The adjustment had the following effect on the beginning net assets:

Net assets, as previously stated	\$ 1,416,843
Prior period adjustment to capital leases payable	<u>8,737</u>
Net assets, as restated	<u>\$ 1,425,580</u>

An adjustment was made in the Sewer Fund to properly record the grants receivable at June 30, 2005. The asset was understated and net assets were understated in 2005. The adjustment had the following effect on the beginning net assets:

Net assets, as previously stated	\$ 47,842,131
Prior period adjustment to receivables	<u>731,299</u>
Net assets, as restated	<u>\$ 48,573,430</u>

The Sewer Fund prior period adjustment also had the same effect on the beginning net assets of the Business-Type Activities.

For the Governmental Activities on the Statement of Net Assets for the year ended June 30, 2005, an error was made in accounting for capital leases payable. The Motor Pool Fund's prior period adjustment also had an effect on beginning of the year net assets. In addition, the Public Employee Healthcare Fund was reclassified from an Internal Service Fund to a Trust Fund. These items had the following effect on the beginning net assets:

Net assets, as previously stated	\$ 42,493,922
Prior period adjustments:	
Adjustment to capital leases payable	15,088
Effect of Motor Pool adjustment	8,737
Reclassification of Public Employee Healthcare Fund	<u>(1,224,943)</u>
Net assets, as restated	<u>\$ 41,292,804</u>

NOTE S – SUBSEQUENT EVENTS

In April 2006, the City accepted the bid from Champagne & Marx, Inc. for the Hoyt Avenue reconstruction project. This project involved repaving and water main reconstruction for approximately \$1,600,000 to be completed by November 2006.

In September 2005, the City issued limited tax general obligation bonds in the amount of \$10,000,000 for the purpose of making capital improvements to the wastewater treatment plant, including screening and grit removal equipment, new and renovated primary treatment tanks, and raw sewage pumping station and related improvements. In September 2005 the City accepted the bid from Gerace Construction in the amount of \$3.925 million for the Wastewater Treatment Plant project. This project will replace the screening within the plant, and is divided into three phases. Phase I was underway as of June 30, 2006. The total project cost for Phase I will be approximately \$5 million, with \$3.5 million to be provided through SRF Bonds, and the remainder coming from EPA grants and local matching funding.

MAJOR GOVERNMENTAL FUNDS

GENERAL FUND

This fund is the general operating fund of the City. All general tax revenues, state revenue sharing, income tax and other receipts that are not allocated by law or contractual agreement to another fund are accounted for here. This fund accounts for the general operating expenditures of the City, such as Police and Fire, Recreation, Cemeteries, Employee Services, Inspections, Fiscal Services, Public Works and Engineering and all other expenditures not recorded elsewhere.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

MAJOR, LOCAL AND MUNICIPAL STREETS FUNDS

The Major and Local Streets Funds receive allocations of State collected gasoline taxes and license fees to be used for the maintenance, repair and construction of streets and bridges within the City. The Municipal Street Fund functions as an inventory account for street maintenance materials. These materials are reallocated to the Major and Local Streets Funds upon completion of construction.

RUBBISH COLLECTION FUND

Under authority of State law, the City levies a special property tax earmarked to support the cost of operating a weekly rubbish collection and disposal service. This fund accounts for the tax levy proceeds, household rubbish fees and composting fees. It also records the expenditures for rubbish collection, hauling and disposal, recycling, composting and trash cleanup.

MARINA GRANT FUND

This fund accounts for the revenues and expenditures of grant funds received from the Michigan Department of Natural Resources. Funds will be used for land acquisition, development and construction of a marina.

COMMUNITY POLICING FUND

This fund accounts for the revenues and expenditures of Police officers assigned to various City neighborhoods. This program provides the residents with a greater sense of protection and gives them the responsibility for developing and implementing problem solving strategies for their neighborhoods.

AUTO THEFT PREVENTION GRANT FUND

This fund accounts for grant funds received from the State of Michigan pursuant to Act 10 of the Public Acts of 1986. These funds are used by the Saginaw Police Department and Saginaw Township Police Department for the prevention and investigation of automobile thefts in Saginaw County.

POLICE TRAINING FUND

The fund accounts for allocations received from the State of Michigan pursuant to Act 302 of the Public Acts of 1982. Distributions are made twice annually based on the number of sworn Police officers. These funds can only be expended for direct costs of criminal justice training of Police officers.

YOUTH INITIATIVE GRANT FUND

This fund accounts for grant funds received from the U.S. Department of Justice. The funds will be used to engage youths and their families in programs that will enhance their self-awareness, self esteem and reduce their use of substances through participation in substance abuse programs.

NONMAJOR GOVERNMENTAL FUNDS

(continued)

SPECIAL REVENUE FUNDS

DRUG FORFEITURE FUND

This fund accounts for all expenditures and funds received from the forfeiture of cash and property seized during drug raids.

ANDERSEN CENTER OPERATION FUND

This fund accounts for the operation and maintenance expenditures and building rentals for the Andersen Enrichment Center. This fund also accounts for the private donations and individual contributions received by the Saginaw Community Enrichment Commission to provide financial support to cultural and creative arts organizations and to sponsor various social and community events to improve the quality of life in the City.

URBAN DEVELOPMENT ACTION GRANT

This fund accounts for the repaid loans received from the developer of the Saginaw Division Tower building. The developer received a Section 108 Loan and an Urban Development Action Grant from the Department of Housing and Urban Development for the renovation of the building and site clearance.

BOAT LAUNCH OPERATION FUND

This fund accounts for the revenues collected from the Wickes and Rust Avenue boat launches for parking and admission fees. This fund also accounts for the operation and maintenance expenditures of these facilities.

ECONOMIC DEVELOPMENT FUND

This fund was established to provide funds to be used as local match for federal and state grants for riverfront development projects. These funds are proceeds from a loan that was paid off when the Morley Building was sold.

CARL H. IBERSHOFF FUND

This fund accounts for monies received from the Carl H. Ibershoff Trust.

NONMAJOR GOVERNMENTAL FUNDS

(continued)

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulated resources used for the payment of general obligation bond principal and interest. The current payments are related to the 1994 Judgment Bonds.

CAPITAL PROJECTS FUND

The Capital Projects Fund is used to account for the acquisition and construction of major capital facilities other than those financed by Proprietary Funds.

PERMANENT FUND

The Permanent Fund is used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for cemetery care and parks improvements purposes in support of the City's programs.

INTERNAL SERVICE FUNDS

INFORMATION SERVICES FUND

Computer and information services are provided to City operating departments through this fund. The operation is financed by service charges levied against user departments and service contracts with other governmental agencies.

GIS FUND

This fund is used to account for the development and operations of a City-wide geographic information system. Money for the operation of this fund is supplied from contributions from other City funds.

MOTOR POOL FUND

This fund is responsible for acquiring and maintaining vehicles and other motorized equipment for use in general City operations. The costs of maintenance and replacement are recovered through rental rates charged to City operations using the vehicles and equipment.

CENTRAL STORES FUND

This operation inventories and supplies to operating departments office supplies, postage, small hand tools, parts and other products needed in everyday operations. All incoming, outgoing and inter-departmental mail is processed by this operation. Offset printing and other duplicating services are also provided to City departments. Costs are recovered through user charges.

RADIO FUND

This fund acquires, installs and maintains two-way radio equipment for use by City operating departments. Rental fees are charged to using departments to recover the cost of maintaining and replacing equipment.

SELF INSURANCE FUND

This fund was established by City Council to serve as a general insurance reserve for liabilities and claims not covered by commercial carriers or to pay deductibles. This fund accounts for the payment of insurance premiums, the distribution of insurance costs to other City funds and records the insurance claims liability.

WORKERS' COMPENSATION FUND

This fund accounts for all expenses, revenues and claims liability relating to the City's self-insured workers' compensation program. Premiums are charged to other City funds based on budgeted salaries.

INTERNAL SERVICE FUNDS

(continued)

PTO LIABILITY FUND

This fund was established to start funding the unfunded sick and vacation liability that has accrued to City employees over the years. Payoffs upon retirement for unused days will continue to be charged to other funds until this fund has sufficient dollars accumulated. Amounts are charged to other City funds based on the actual value of accrued sick and vacation/PTO days for each employee.

PUBLIC WORKS BUILDING FUND

This fund was established to account for all operating and capital expenses required to maintain the Public Works Service Center. Rent is charged to the departments occupying the building based on square footage.

FIDUCIARY FUNDS

PUBLIC EMPLOYEE HEALTHCARE FUND

This fund was established to start funding the unfunded health insurance premiums that are fully paid for all City retirees. The unfunded liability is estimated at \$115 million.

POLICEMEN AND FIREMEN PENSION FUND

Assets accumulated for the payment of retirement benefits for City Police and Fire personnel are recorded in this fund. Benefits for retired members are paid from this fund and active members contribute to the pension system through payroll deductions. The City contributes to the fund by an annual appropriation from the General Fund which is determined and set by an annual actuarial valuation.

AGENCY FUNDS

These funds are used to account for property taxes collected by the City for other units of government until the tax proceeds are remitted to them. Funds retained from contractors during construction projects and employee and employer payroll withholdings and benefits are also recorded here.
