**From:** Timothy Morales, City Manager  
**Subject:** Downtown Development Authority By-Laws  
**Prepared by:** Downtown Development Authority

**Manager's Recommendation:**

I recommend approval of the Downtown Development Authority By-Laws, as amended.

**Justification:**

Downtown Development Authorities are established under Public Act 197 of 1975. On April 25, 2017 the Downtown Development Authority (DDA) adopted amendments to their By-Laws. The original By-Laws were adopted October 22, 1981 with amendments adopted September 11, 2000, and amendments adopted June 15, 2017. Public Act 197 requires that the City Council approve amendments of the DDA By-Laws.

The City Attorney and the DDA Attorney reviewed and recommended an amendment to current By-Laws. The DDA staff introduced a minor amendment to change the annual meeting and election of officer's meeting. The language to read as follows:

Article IV, Meetings, Section 1. Annual Meeting - The annual meeting shall be held at the regular meeting of the Board held in February of each year. The election of officers shall occur at the annual meeting. If the election of officers should not occur on the day designated, or any adjournment thereof, the board shall cause the election to be held at a regular or special meeting of the board within ninety days of the annual meeting.

**Council Action:**

Motion to approve the recommendation of the City Manager.

**From:** Timothy Morales, City Manager  
**Subject:** Disclosure of Pecuniary Interest in City Attorney Contract  
**Prepared by:** Amy L. Lusk, City Attorney

**City Manager's Recommendation:**

I recommend that disclosure of the City Attorney's pecuniary interest in the professional services agreement to be considered at the June 18, 2018, meeting of the City Council be made a part of the official record of the Council meeting and be made public in the same manner as a public meeting notice.

**Justification:**

On the next Council agenda will be a professional services agreement re-appointing Amy Lusk as City Attorney. Under a strict reading of a statute that is intended to apply to elected officials and employees of municipalities who have an unreported or otherwise unknown financial interest in a public contract that requires a public body's approval, it could be viewed that the City Attorney is required to disclose her pecuniary interest in the contract as City Attorney, though such disclosure seems obvious.

Per the statute, Ms. Lusk requests that her disclosure be made a part of the official record of the meeting and be made public in the same manner as a public meeting notice. At the City Council meeting to be held on June 18, 2018, the City Council shall approve the agreement by a vote of not less than 2/3 of the full membership of the Council. Finally, upon approval, the City shall disclose the City Attorney's name as a party to the contract, the terms and conditions of the contract and the nature of her pecuniary interest, which is as an employee of the law firm of Gilbert & Smith, PC.

**Council Action:**

Motion to approve the recommendation of the City Manager.

The Honorable Dennis D. Browning, Mayor  
City of Saginaw  
1315 S. Washington Avenue  
Saginaw, Michigan 48601

*Re: Disclosure of Pecuniary Interest in City Attorney Contract*

Dear Mr. Mayor:

On the next Council agenda will be an extension of the City Attorney contract. Under a strict reading of a statute that I believe is intended to apply to elected officials and employees of municipalities who have an unreported or otherwise unknown financial interest in a public contract that requires a public body's approval, it could be viewed that as the appointed City Attorney, I am to disclose my pecuniary interest in my contract as City Attorney, though such disclosure seems apparent.

Obviously, City Council is well aware that I have a pecuniary interest in the contract for my services, as I am a party to the contract for which I will receive compensation for services rendered. Nevertheless, in an effort to dispel any question that City Council is aware of my interest, I am officially disclosing such pecuniary interest of the payments received for legal services rendered in the extension of my contract as City Attorney.

Per the statute, I ask that this disclosure be made a part of the official record of the meeting held June 4, 2018, and be made public in the same manner as a public meeting notice. At the City Council meeting to be held on June 18, 2018, the City Council must approve the contract by a vote of not less than 2/3 of the full membership of the Council. Finally, upon approval, the City shall disclose my name as a party to the contract, the terms and conditions of my contract and the nature of my pecuniary interest, which is as an employee of the law firm of Gilbert & Smith, PC.

Thank you for your attention to this matter.

Sincerely,

*Amy L. Lusk*

**Prepared by:** Dennis Jordan, Director of Human Resources

**Manager's Recommendation:**

I recommend the approval of the services payment with CBIZ, for \$20,000 for the completion of the 2018 Other Post-Employment Benefits Actuarial Valuation.

**Justification:**

The City of Saginaw is required under Governmental Accounting Standards Board (GASB) to have an Other Postemployment Benefits (OPEB) Bi-Annual valuation completed.

GASB 75, is an accounting and financial reporting provision requiring government employers to measure and report the **liabilities** associated with **OPEB**.

OPEB are benefits, other than pensions, that U.S. state and local governments provide to their retired employees. These benefits principally involve health care benefits, but also may include life insurance, disability, legal and other services.

CBIZ is an actuarial firm that will perform the complete OPEB valuation for the City of Saginaw. CBIZ Retirement Plan Services is based out of Kansas City, Missouri with a satellite office in Lansing, Michigan. CBIZ currently performs all the actuarial valuations for all of the other City of Saginaw Pension Plans.

The cost of the actuarial valuation is \$20,000 to be paid when services are completed.

BCBS has added a new state-of-the-art business analytics platform called Whyzen Analytics. Whyzen Analytics will provide City staff and Brown & Brown of Central Michigan, Inc., our insurance broker, with new reporting tools to analyze our self-funded health care plan. Having access to these reports will improve the management and administration of the City's healthcare plan.

In order to have access to these reports provided by Whyzen Analytics, the City must agree to the Terms and Conditions of the Sublicense and Support Agreement. There is no cost for this added reporting service.

This vendor meets all requirements of §14.23, "Vendors," of "Purchasing, Contracting, and Selling Procedure," of Chapter 14, "Finance and Purchasing," of Title I, "General Provisions," of the Saginaw Code of Ordinances, O-1.

Sentinel Technologies is an Authorized Reseller under a discount pricing and service agreement between NASPO and Cisco Systems, Inc. The new switches have Power-Over-Ethernet Plus (PoE+) which will allow newer equipment with higher power requirements to be utilized.

**Justification:**

On April 4, 2018 and April 10, 2018, we received onsite support services from a System Engineer from Yeo & Yeo Computer Consulting to assist in the installation of a SAN and four (4) new Host Servers. This also included assisting in the updating to the newest version of VMware on each of the Host Servers which took additional service support. **Subject:** Repairs to Engine 1  
**Prepared by:** Christopher Van Loo, Fire Chief

**Manager's Recommendation:**

I recommend approval of a purchase with Spartan Service and Repair for \$40,221.18 for the repair of Engine 1 for the Fire Department.

**Justification:**

On March 8, 2018 Fire Engine 1 was staged on I-675 to block one lane of traffic to facilitate the safety of civilians and emergency personnel during the removal of disabled vehicles due to an automobile accident. Although the apparatus was illuminated with all emergency lighting, one vehicle traveling at a high rate of speed spun out of control and collided with the rear of Engine 1. The driver of the vehicle was uninjured and cited for careless driving and violation of basic speed law.

The damage to Engine 1 is significant while not disabling. A subrogation claim has been initiated with the City's third party claims administrator to recover the costs of the repairs from the driver of the vehicle at fault. Engine 1 is the newest apparatus in the Fire Department fleet and in order to maintain warranty coverage, repairs must be made by the manufacturer.

Following the accident, an estimate for repairs was immediately requested from Spartan Service and Repair. They recently provided the estimate and will schedule the repairs pending approval. Repairs are expected to take 45-60 days to complete.

**Manager's Recommendation:**

I recommend approval of a purchase with Voss Lighting for \$8,357.40 for the fixtures and fittings needed to convert 30 lighting units at the Wastewater Treatment Plant's Emerson Retention and Treatment Basin from high pressure sodium and fluorescent to L.E.D. Considering the energy savings and the Consumers Energy Rebate, the pay back for these upgrades is approximately 32 months.
